DMFD, the Heroes Once Again

Wednesday, June 09 2010

Last Sunday I found myself thankful yet again for the Daisy Mountain Fire Department. The first time was for clearing a significant gas leak outside our home and ensuring my family's and neighbors' safety.

This time it was for saving my dad's life. The quick response of the EMT's getting to my parents' home and medicating my dad immediately helped him survive the heart attack and the following emergency bypass surgery. There are no words strong enough to thank every one of the EMT's for playing their part to keep dad with his wife, children and grandchildren for many years to come.

—Regards,
Tracy Begalke
