Fire Restrictions

A Ban on Open Burning is in effect for the Daisy Mountain Fire District Until September 30, 2022.

Due to the high fire danger, the combination of increased fuel loads, increasing temperatures and frequent high winds, DMFD is prohibiting all open burning within the fire district boundaries.

(this includes any previously issued permits)

Maricopa County Department of Air quality regulates all outdoor fire activities and places restriction on when they are permitted. Please see their web sites for further information.

www.maricopa.gov/1830/Burning-Activities and <http://cleanairmakemore.com/>

Outdoor woodburning fires for the following purposes are prohibited from May 1st until Sept 30th in Area A of Maricopa County are under restrictions at this time:

- Warmth for human beings
- Recreational purposes
- Wood-burning chimeneas and outdoor pits

Cooking Fires for cooking must use gaseous fuels or clean, charcoal or dry wood. Fires for cooking are allowed on a No Burn Day if the fire is used to cook, smoke, or flavor food for immediate human consumption, and all of the following requirements are met:

- Cooking fire must be constantly attended until fire is extinguished.
- Begin cooking without delay once the fire is established
- Extinguish the fire without delay once all parts of the food are suitable for human consumption
